
How to find us

As a **unit of the Rector's Office of Charles University**, the Department of the Quality of Education and Accreditations is based in the Karolinum complex. We are accessible from both the main entrance on Ovocný trh and the entrance on Celetná street. Our department's offices are **located at doors 207 and 208 on the second floor**.

If you require consultation on anything and wish a personal meeting with us, you are welcome to visit us any time. In this case it is best to arrange a meeting with the competent person in advance so that we can prepare for the meeting and provide you with the best possible support. An overview of staff and their areas of activity can be found in the [People and operational areas \(contacts\)](#) section. You will always be welcome.
